

## APPLICATION FORM

### 1. Introduction

Euroshore is a non-profit association representing the interest of individual companies and national associations involved in the collection and/or treatment of ship generated waste and cargo residues.

Our association is member of the European Sustainable Shipping Forum with an active participation in the PRF-workgroup and the so-called scrubber working group (exhaust gas cleaning systems).

Our association has members in most EU countries and outside EU (Turkey, Middle East, Africa), collects and treats ca 70% of the volumes disposed in the EU ports. Our association is also active in the collection of waste from inland shipping (bilge water and oily waste, all kinds of solid waste and cargo residues, vapour recovery services).

### 2. Required general information (for invoicing and receiving information)

**NAME\***

**ADDRESS\***

**Street\***

**City\***

**Postal code\***

**Country\***
